Since joining the firm in 1988, Lisa has practiced exclusively in the areas of employee benefits and executive compensation, with a particular emphasis on the design, drafting, and operation of 401(k) plans (of both publicly traded and privately held companies), IRS correction programs and procedures for qualified and nonqualified retirement plans, and ERISA fiduciary duties and responsibilities.

Lisa regularly advises 401(k) plan clients regarding the design and implementation of automatic contribution arrangements (including QACAs and EACAs); implementation of a qualified default investment alternative (QDIA) and the requirements for compliance with the QDIA regulations; and procedures for plan loan administration, QDRO administration, missing participants, and uncashed distribution checks. She has extensive experience (1) advising clients on the requirements applicable to tax-qualified retirement plans and nonqualified deferred compensation plans, (2) representing clients whose employee benefit plans are audited by the IRS and the U.S. Department of Labor, and (3) advising clients on employee benefit plan issues in mergers and acquisitions. She also has deep experience drafting plan documents, fiduciary committee documents including investment policy statements and charters, and participant disclosure documents including SPDs and required notices.
